Michael H. Palmer*, Alistair D. Nelson

School of Chemistry, University of Edinburgh, West Mains Road, Edinburgh EH9 3JJ, Scotland, UK

Owing to an error in compression of Table 3 in the manuscript Office-97 Word document (3 pages), into two pages of the proof copy of the final document, two headers from the original were inadvertently omitted, with consequential misalignment of the columns of data. The entire

paper, together with the complete Table 3 is reproduced in the following pages with some reorganization of the columns to improve comparability, and with the separate headers reinstated.

We apologise for this error.
